**Re: Affiliate Confirmation — Application by InterCap Registry Inc. for the .plex Top-Level Domain
(.Brand TLD; Specification 13)**

To ICANN and the .Brand TLD Eligibility Evaluation Panel:

Plex, Inc. ("Plex") provides this letter in connection with the application (the "Application") submitted, or to be submitted, by InterCap Registry Inc. ("InterCap Registry") to ICANN for the delegation of the .plex top-level domain (the "TLD") as a .Brand TLD under Specification 13 (.Brand TLD Provisions) to the Base Registry Agreement ("Specification 13" and the "Registry Agreement", respectively). Capitalized terms used but not otherwise defined have the meanings given to them in the Trademark Licence and TLD Authorization Agreement between Plex, as Licensor, and InterCap Registry, as Licensee (the "**Licence Agreement**"), or in Specification 13.

This letter provides Plex's independent corporate confirmation of the following matters. It is intended to complement, and not to restate or vary, the Licence Agreement.

Plex acknowledges and states as follows:

1. Plex is the owner of the PLEX trademarks (the Licensed Marks), as particularized in Schedule A to the Licence Agreement, and uses the Licensed Marks continuously in the ordinary course of its business, which business is unrelated to the provision of TLD Registry Services;
2. Plex and InterCap Registry are under common control and are Affiliates of one another within the meaning of the Registry Agreement and Specification 13;
3. Plex authorizes InterCap Registry to submit and prosecute the Application, and (consistent with the Licence Agreement and the Trademark Owner Consent of even date) to execute the Registry Agreement and to establish, operate, maintain and administer the TLD;
4. the Licence Agreement has been duly entered into by Plex, remains in full force and effect, and continues to be effective in accordance with its terms;
5. this letter, together with the Licence Agreement, is provided to support the evaluation of the Application by ICANN and the .Brand TLD Eligibility Evaluation Panel;
6. Plex will cooperate with ICANN and the .Brand TLD Eligibility Evaluation Panel, and will provide such further information and confirmations as may reasonably be requested, throughout the evaluation of the Application;
7. Plex will promptly notify InterCap Registry if Plex becomes aware of any matter (including any change in the ownership or use of the Licensed Marks, or in the Affiliate relationship between

Plex and InterCap Registry) that could reasonably be expected to affect the eligibility of the TLD as a .Brand TLD under Specification 13;

8. Plex presently owns the Licensed Marks and presently intends to continue to own and use the Licensed Marks in the ordinary course of the Plex Business throughout the period contemplated by Specification 13; and
9. Plex will cooperate with the annual reviews and certifications contemplated by Specification 13, as requested by InterCap Registry or ICANN.

This letter supplements, and does not amend, replace or limit, the Licence Agreement.

Yours truly,

PLEX, INC.
