Successful Web3 Company? Pick Your Cofounder Wisely

Just months after being selected as a winning team in Codebase's Season 2, Chiss Protocol has grown the team, developed their MVP, and has commitments from several partners in the space.

Avalanche Announces Season 2 Winners

Against the backdrop of the Consensus conference in Austin, the 15 cohort members presented their projects to a panel of experienced investors and founders for the chance to win an investment from the \$400k prize pool.

Codebase Demo Day at Consensus

The early-stage Web3 startups pitched to a room full of investors and founders, to share their vision for the future of what is being built on Avalanche.

What We're Looking For

What We're Looking For in an Applicant

We are seeking builders who can demonstrate resilience, resourcefulness, leadership, and grit. At the earliest stages of a company, the character of a founder is what will inordinately impact success

We also value individuals who have direct experience and relationships with the

What Kind of Companies We're Excited About

We share your belief in blockchain's potential to revolutionize business models and tap into existing industry opportunities. We seek founders dedicated to expanding blockchain use through real-world applications, asset tokenization, and web3-native solutions.
