

Certificate of Trademark Registration

(English Translation)

This document is a complete English translation of the attached original (shionogi_D7-Trademark_Certificate-of-Registration-6551822_JP.pdf), issued by the Commissioner, Japan Patent Office. In the event of any discrepancy, the original Japanese document prevails.

Registration Number: Registration No. 6551822

The Mark: SHIONOGI (standard characters)

Application Number: Trademark Application No. 2022-016851

Filing Date: February 15, 2022

Registration Date: May 6, 2022

Owner of the Trademark Right: 3-1-8 Doshomachi, Chuo-ku, Osaka-shi, Osaka
Shionogi & Co., Ltd.

List of Goods and Services

Class 1

Acids; salts (only those used as chemicals); salts (fertilizers); salts for industrial purposes; alkalis; bleaching preparations (excluding those for laundry use); industrial bleaching preparations for decolorizing; gum arabic; gum arabic for industrial purposes; glue for industrial purposes; phosphorus; ethyl alcohol; glycerine; glycerine for industrial purposes; sulphur; oxygen; oxygen for industrial purposes; enzymes for industrial purposes; camphor; camphor oil; camphor for industrial purposes; distilled water; carbon dioxide; menthol; mint oil (chemical); sanitizing preparations for industrial purposes; biological preparations (excluding those for medical or veterinary use); chemicals and polymer resins consisting of dendrimer-based polymers for use in manufacturing capsules for medicinal preparations; chemicals; industrial chemicals; chemical agents for scientific purposes (excluding those for medical or veterinary use); vitamins for use in manufacturing pharmaceuticals; plant extracts for use in manufacturing pharmaceuticals; antioxidants for use in manufacturing pharmaceuticals; preservatives for the pharmaceutical industry; protein for use in manufacturing dietary supplements; chemical reagents in kit form; glue and adhesives for industrial purposes; plant growth regulating preparations; fertilizers; ceramic glazes; fillers for coating use; higher fatty acids; non-ferrous metals; non-metallic minerals; photographic materials; test paper (excluding those for medical use); artificial sweeteners; flour for industrial purposes; unprocessed plastics; pulp; detergents for use in manufacturing processes; agricultural chemicals (excluding fungicides, herbicides, insecticides, and parasiticides)

Class 3

Soaps; shampoos; facial cleansers; skin cleansing cosmetics; skin care preparations (excluding those for medical use); mouthwashes (excluding those for medical use); mouth cleaning preparations (excluding those for medical use); hand cleaning preparations; denture cleaning preparations; cleaning preparations (excluding those for manufacturing processes and those for medical use); sanitizing preparations for laundry use; cosmetics; cosmetics for the scalp and hair; hair growth preparations; scalp cosmetics having a hair-growth effect; dentifrices; fragrances; incense; perfumes; natural fragrances of plant origin; natural fragrances of animal origin; synthetic fragrances; compounded fragrances; food flavourings consisting of essential oils; fabric softeners for laundry use; bleaching preparations for laundry use; antistatic preparations for household purposes; degreasing preparations for household purposes; rust removing preparations; benzine for stain removal; adhesives for affixing wigs; laundry starch; laundry glaze (funori); adhesives for false eyelashes; breath freshening preparations; deodorants for animals; paint

stripping preparations; shoe cream; shoe polish; polishing preparations; abrasive paper; abrasive cloth; abrasive sand; artificial pumice stone; polishing paper; false nails; false eyelashes; cotton swabs for cosmetic purposes

Class 5

Pharmaceutical preparations; pharmaceutical preparations for human use; pharmaceutical preparations for medical purposes; pharmaceutical preparations for medicinal use; pharmaceutical preparations in jelly form; pharmaceutical preparations for the treatment of novel coronavirus (COVID-19) infection; vaccines for novel coronavirus (COVID-19) infection; vaccines; antiviral agents; cancer treatment agents; vitamin preparations; chemical preparations; biological preparations for medical purposes; biological preparations for veterinary purposes; cleaning preparations for medical purposes; cosmetics, soaps, and dentifrices for medical purposes; nutritive and tonic preparations; nutritive and tonic drink preparations; nutritional supplement drink preparations; disinfectants; germicides; sanitizing preparations (excluding those for industrial use and laundry use); pharmaceutical preparations having a sanitizing effect impregnated in wet tissues; hand sanitizers; hair growth agents; pharmaceutical preparations for promoting hair growth; hair growth stimulating preparations for medical purposes; diagnostic reagent kits for medical purposes; quinine for medical purposes; analgesics; tinctures for medical purposes; syrups for pharmaceutical purposes; decoctions for pharmaceutical purposes; infusions for medical purposes; medicated plasters for medical purposes; crude drugs, charred medicines (kuroyaki), and moxa; pharmaceutical preparations for medical purposes made mainly from lime; flowers of sulphur for pharmaceutical purposes; stick sulphur (disinfectant); preservatives (limited to those which are agricultural chemicals); deodorants (excluding those for the body and for animals); vermifuges; chemical reagents for medical or veterinary purposes; test paper for medical purposes; oiled paper for medical purposes; adhesive tapes for medical purposes; cachets (oblaat); cachets in jelly form; cachets in liquid form; gauze; capsules for pharmaceuticals; eye patches for medical purposes; ear bandages; sanitary belts; sanitary tampons; sanitary napkins; sanitary panties; adhesive plasters; absorbent cotton; bandages; gauze for bandages; liquid dressings; breast-nursing pads; cotton swabs; cotton swabs for medical purposes; dental materials; surgical implants comprising living tissues; denture adhesives; diapers; diaper covers; flypaper; insect repellent paper; powdered milk for babies; processed foods in the form of balls, powder, granules, grains, tablets, capsules, liquid, cream, paste, gel, jelly, solid, block, or sheet, or contained in capsules, containing amino acids and vitamins as raw materials or ingredients; processed foods in the form of balls, powder, granules, grains, tablets, capsules, liquid, cream, paste, gel, jelly, solid, block, or sheet, or contained in capsules, containing green juice (aojiru) as raw materials or ingredients; processed foods in the form of balls, powder, granules, grains, tablets, capsules, liquid, cream, paste, gel, jelly, solid, block, or sheet, or contained in capsules, containing mushroom extract as raw materials or ingredients; dietary supplements; supplements; supplements in jelly form; dietary fibre; beverages for dietetic purposes; food for dietetic purposes; beverages for babies; food for babies; nutritional feed additives (excluding those belonging to pharmaceutical preparations); semen for artificial insemination; bacterial preparations for medical or veterinary purposes; first-aid boxes, filled

Class 9

Glassware for measuring; physical and chemical machines and instruments; laboratory analysis apparatus for measuring, testing, and analysing blood and other body fluids; machines and instruments for chemical laboratories; measuring machines and instruments; water meters; precision measuring machines and instruments; measuring tools; nanoparticle size analysers; medication dispensers; dosimeters; optical machines and instruments; photographic machines and apparatus; cinematographic machines and apparatus; humanoid robots equipped with artificial intelligence for scientific experiments; phase modifiers; machines and apparatus for power distribution or control; rotary converters; solar batteries; batteries and cells; electric and magnetic measuring machines and instruments; electric wires and cables; telecommunication machines and apparatus; personal digital assistants; straps for personal digital assistants; electronic machines and apparatus and their parts; computer programs; software as a medical device (SaMD) (downloadable); computer operating programs (recorded); computer software (recorded); applications for computer software (sold by download via telecommunication lines); computer programs (recorded); computer programs (sold by download via telecommunication lines); computer software in the field of artificial intelligence; computers equipped with artificial intelligence and other electronic machines and apparatus (including

those for robots), and their parts and accessories; educational support robots (excluding those for industrial, medical, or amusement use); telepresence robots; humanoid bipedal walking robots (excluding those for industrial, medical, or amusement use); learning support and living support robots incorporating computers (excluding those for industrial, medical, and amusement use); mouse pads; ozone generators; electrolyzers for laboratory use; fire extinguishers; fire hydrants; fire hoses; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas leak alarms; burglar alarms; protective helmets; electrodes; magnetic cores; resistance wires; dust masks; gas masks; welding masks; protective hoods for disaster prevention; fireproof garments; gloves for protection against accidents; eyeglasses; programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for portable liquid-crystal-screen game machines; downloadable audio, music, images, moving images, video, and text data; downloadable stamp images and moving images via the Internet; pre-recorded audio and video recording media; pre-recorded video discs and video tapes; electronic publications; electronic publications (sold by download via telecommunication lines); exposed cinematographic films; slide films; mounts for slide films; earplugs for swimming; earplugs for diving; egg-candlers; blueprint copying machines; cash registers; coin counting or sorting machines; photocopying machines; machines and instruments for drafting or design; time stamping machines; time recorders; punch card system machines; vote counting machines; apparatus for checking affixed postage stamps; coin-operated gates for car parks; life-saving apparatus and equipment; railway signalling apparatus; triangular warning signs for vehicle breakdowns; luminous or mechanical road signs; diving machines and apparatus; programs for arcade video game machines; driving skill training simulators for vehicles; exercise skill training simulators; fire boats; scientific satellites; fire engines; protective helmets for sports; whistles; weight belts; air tanks; snorkels; regulators for diving; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; effectors for musical instruments

Class 10

Medical machines and apparatus; DNA and RNA analysis apparatus for medical purposes; analysis apparatus for medical purposes; diagnostic machines and apparatus in the form of test kits; electrolyzed water generators for medical purposes; sanitary masks; babies' pacifiers; ice pillows for medical purposes; triangular bandages; supportive bandages; surgical catgut; feeding cups; feeding cups for medical purposes; droppers for medical purposes; teats; teats for baby bottles; ice bags for medical purposes; holders for ice bags; baby-feeding utensils; vacuum-insulated nursing bottles; contraceptive devices; materials for artificial eardrums; prosthetic and filling materials (excluding those for dental use); earplugs for sleeping; earplugs for soundproofing; earplugs (hearing protection devices); beauty massage apparatus for commercial use; ultrasonic facial beauty apparatus for household use; electric massage apparatus for household use; gloves for medical purposes; urinals for the sick; bedpans for the sick; commodes for the sick; ear picks

Class 30

Processed cereals; granola (breakfast cereal food consisting of a mixture of grains, nuts, dried fruits, etc.); noodles; oat flakes; oatmeal; couscous; croutons; corn flakes; cereal bars; pasta; breadcrumbs; tea; tea beverages; tea substitutes; flowers or leaves used as tea substitutes; coffee; instant coffee; coffee beverages; coffee substitutes; cocoa; binding agents for ice cream; meat tenderizers for household purposes; stabilizers for whipped cream; food flavourings (excluding essential oils); essences for foodstuffs (excluding ether essences and essential oils); ice; confectionery (excluding those made mainly from fruits, vegetables, pulses, or nuts); throat lozenges (confectionery); jelly confectionery; confectionery; bread; sandwiches; Chinese steamed buns; hamburgers (sandwiches); pizzas; hot dogs (sandwiches); meat pies; snack foods made mainly from cereals; snack foods made mainly from rice; chips (cereal products); seasonings; soup stock bases (dashi); sweeteners (natural); spices; preparations for making ice cream; preparations for making sherbet; coffee beans; chocolate spreads; preserved herbs; fruit coulis; gyoza; shumai; sushi; takoyaki; boxed lunches (bento); ravioli; yeast powder; koji; yeast; baking powder; malt for food; malt extract for food; preparations for making instant confectionery; pasta sauces; edible sake lees; propolis for food; royal jelly for food; rice; husked oats; husked barley; wheat germ for food; gluten for food; flour for food; soybean flour

Class 31

Edible fish and shellfish, live; fish, live; fish spawn; crustaceans and shellfish, live; seaweeds; unprocessed seaweed for food or animal feed; fresh vegetables; sugar crops; fresh fruits; unprocessed nuts; malt; foxtail millet; common millet; sesame; buckwheat (grain); corn; corn (grain); corn (vegetable); corn press-cake for livestock; Japanese barnyard millet (hie); wheat; unhusked rice (paddy); sorghum; wreaths of natural flowers; bait for fishing; hops; protein for animal feed; animal feed; seeds; untreated cereal seeds; plants; trees; grasses; turf; dried flowers; dried flowers for decoration; seedlings; saplings; natural flowers; forage grass; bonsai; animals, fish (excluding those for food), birds, and insects, live; silkworm eggs; cocoons for silkworm breeding; eggs for hatching; lacquer tree seeds; unprocessed cork; palm leaves; unprocessed timber; tree trunks; malt for brewing and distilling; straw litter

Class 32

Soft drinks; preparations for making soft drinks; soft drinks in jelly form; mineral water; drinking water; fruit extracts (non-alcoholic); fruit beverages; fruit beverages in jelly form; vegetable juices (beverages); vegetable juices in jelly form (beverages); syrups for making beverages; energy drinks; protein-enriched sports soft drinks; beverages made mainly from soybeans (excluding milk substitutes); soda water; tablets for making effervescent beverages; powders for making effervescent beverages; powdered green juice (aojiru) for beverages; green juice (aojiru) for beverages made from green vegetables; concentrates of fruit beverages; concentrated fruit beverages; concentrates for making fruit beverages; concentrates for preparing soft drinks; whey beverages; whey beverages in jelly form; coffee-flavoured beverages (non-alcoholic); tea-flavoured beverages (non-alcoholic); cocktails (non-alcoholic); non-alcoholic beverages; preparations for making non-alcoholic beverages; beer; hop extracts for making beer; starch-based dry mixes for preparing beverages; essences for making beverages (non-alcoholic)

Class 35

General office work; data processing (clerical work); agency for clerical work relating to preparation of invoices; agency for clerical work; duplication of documents; filing of documents or magnetic tapes; compilation of information into computer databases; management of digital data files by computer; agency or representation for clerical work relating to import and export; advertising; rental of advertising space and advertising materials; rental of advertising places; rental of sales stands; online advertising on computer networks; operation of commercial events; planning and operation of trade fairs; issuance of trading stamps; business management of sports players; business management relating to referral of doctors; business management; provision of business information; provision of commercial and business information on business partners; provision of business information via websites; business advice for digital transformation; management of ordering, sales, and inventory of goods; order management for commercial transactions; provision of information relating to sales of goods; providing online marketplaces for buyers and sellers of goods and services; provision of advice or information relating to commercial transactions; intermediary, agency, or representation services for commercial transactions; business appraisals or advice relating to business management; market research or analysis; gathering of market information; seeking sponsors; introduction of goods through various communication media for sales purposes; agency for planning, operating, and executing sales promotion of goods and promotion of provision of services; marketing of computer software production; agency for planning and executing sales promotion of goods and promotion of provision of services through sponsorship of sports events; marketing; employment agency services; placement of doctors; placement of nurses; placement of dentists; placement of midwives; placement of pharmacists; placement of scientists and engineers; provision of advice and information to consumers in the choice of goods and services; provision of job vacancy information; provision of newspaper article information; rental of vending machines; preparation of financial documents; conducting of auctions; arranging newspaper subscriptions; shorthand; transcription by hand; operation of computers, typewriters, telex, and similar office machines; reception and guidance of visitors in buildings; rental of typewriters, copying machines, and word processors; retail services or wholesale services for pharmaceutical preparations and medical supplies; retail services or wholesale services for electrical machinery and apparatus; retail services or wholesale services for woven fabrics and bedding; retail services or wholesale services for clothing; retail services or wholesale services for diapers; retail services or wholesale services for footwear; retail services or wholesale services for bags and pouches; retail services or

wholesale services for paper wet sheets; retail services or wholesale services for non-woven fabric hand towels (used as paper hand towels); retail services or wholesale services for non-woven fabric wet tissues (used as paper wet tissues); retail services or wholesale services for personal effects; retail services or wholesale services for combs and hair dyeing brushes; retail services or wholesale services for hair dyeing gloves; retail services or wholesale services for food and beverages; retail services or wholesale services for supplements; retail services or wholesale services for processed seafood; retail services or wholesale services for tororo kombu (shaved kelp); retail services or wholesale services for edible mushroom extracts and mushroom extracts for cooking; retail services or wholesale services for cosmetics, dentifrices, and soaps; retail services or wholesale services for hand-operated cutlery, hand tools, and metal hardware; retail services or wholesale services for kitchen utensils, cleaning tools, and laundry tools; retail services or wholesale services for printed matter; retail services or wholesale services for paper and stationery; retail services or wholesale services for sports goods; retail services or wholesale services for toys, dolls, and amusement articles; retail services or wholesale services for watches, clocks, and eyeglasses; retail services or wholesale services for tobacco and smokers' articles; retail services or wholesale services for online downloadable and recorded music and films; retail services or wholesale services for online downloadable digital music; retail services or wholesale services for automobiles; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for furniture; retail services or wholesale services for building fittings; retail services or wholesale services for tatami mats; retail services or wholesale services for funeral supplies; retail services or wholesale services for agricultural implements; retail services or wholesale services for flowers and trees; retail services or wholesale services for fuel; retail services or wholesale services for musical instruments and records; retail services or wholesale services for photographic machines and apparatus and photographic materials; retail services or wholesale services for building materials; retail services or wholesale services for precious stones and imitations thereof; retail services or wholesale services for pets

Class 40

Contract manufacturing of pharmaceuticals; contract manufacturing of cosmetics; contract manufacturing of medical devices; contract assembly and processing of materials; contract manufacturing of biological preparations; processing of pharmaceutical materials; treatment of chemical products and petrochemical products; treatment of chemical reagents; chemical encapsulation and chemical dispersion treatment of hazardous chemicals; contract manufacturing of products for the pharmaceutical, chemical, and food industries by compression and granulation processing; contract manufacturing of supplements; provision of materials treatment information; processing of bamboo, bark, rattan, vines, and other basic plant materials (excluding 'processing of food raw materials'); processing of raw materials for the manufacture of food and beverages; processing of foodstuffs; processing of artificial limbs or dentures (including 'processing of medical materials'); recycling treatment of chemicals; treatment and recycling of waste; treatment of waste and hazardous substances; sorting and disposal of waste; decontamination and provision of advice or information relating thereto; rental of industrial robots for use in manufacturing; drying treatment; processing of fabrics, clothing, or fur (including drying treatment); coating treatment using chemical treatment, mechanical treatment, heat treatment, and thermomechanical treatment; processing of metals; processing of rubber; processing of plastics; processing of ceramics; processing of wood; processing of paper; processing of stone; contract 3D printing processing; wastewater treatment; water purification treatment; printing; offset printing; gravure printing; screen printing; lithographic printing; letterpress printing; contract printing of company names and logos for sales promotion and advertising of goods; rental of chemical machines and apparatus; rental of knitting machines; rental of sewing machines; rental of printing machines and apparatus; sewing; embroidering; taxidermy; developing of cinematographic films; enlargement of photographs; printing of photographs; developing of photographic films; bookbinding; reprocessing of nuclear fuel; engraving of seals; gravure platemaking; rental of textile machines and apparatus; rental of machines and apparatus for developing, printing, enlarging, or finishing photographs; rental of metalworking machines and apparatus; rental of bookbinding machines; rental of machines and apparatus for processing food or beverages; rental of machines and apparatus for lumbering, woodworking, or plywood manufacturing; rental of machines and apparatus for pulp manufacturing, papermaking, or paper processing; rental of water purifying apparatus; rental of waste compacting

apparatus; rental of waste crushing apparatus; rental of glassware manufacturing machines; rental of shoe manufacturing machines; rental of tobacco manufacturing machines; rental of 3D printers; rental of household heating and cooling machines; rental of household humidifiers; rental of household air purifiers; rental of power generators; rental of boilers; rental of industrial humidifiers; rental of industrial air purifiers; rental of heating and cooling apparatus

Class 41

Training and education relating to pharmaceuticals; training and education relating to medical care; vocational training; teaching of knowledge; teaching of arts, sports, or knowledge; provision of information in the field of education; teaching of knowledge to individuals; planning, operation, or holding of seminars; arranging and conducting of seminars; arranging and conducting of symposia; arranging and conducting of educational forums; planning, operation, or holding of seminars, workshops, educational forums, symposia, conferences, academic conferences, lectures, training sessions, and study meetings; production of books; production of journals, books, and handbooks in the field of medicine; production of scientific publications relating to medical technology; production of publications relating to the results of clinical trials on pharmaceuticals; production of electronic books and electronic periodicals provided online; provision of information relating to body donation; arranging of body donation; provision of electronic publications; making books and records available for viewing; rental of books; provision of online electronic publications (limited to non-downloadable ones); provision of information in the field of entertainment; planning or operation of shows of movies, performing arts, plays, or music performances; screening, production, or distribution of movies; provision of online music (limited to non-downloadable ones); provision of online images (limited to non-downloadable ones); distribution of non-downloadable movies via video on demand; distribution of non-downloadable television programs via video on demand; provision of music, audio, video, images, and text information via the Internet; performance of performing arts; direction or performance of plays; musical performances; production of broadcast programs; production of videos; production of videos for education, culture, entertainment, and sports (excluding those for movies, broadcast programs, and advertising); direction in the production of broadcast programs; operation of equipment such as video equipment and audio equipment used for the production of broadcast programs; operation and holding of sports events; planning, operation, or holding of sports shows; planning, operation, or holding of shows (excluding those relating to shows of movies, performing arts, plays, and music performances, and shows of sports, horse racing, bicycle racing, boat racing, and auto racing); provision of studios for audio or video use; provision of sports facilities; provision of entertainment facilities; provision of online games; provision of facilities for movies, performing arts, plays, music, or educational training; photography; interpretation; translation; rental of cameras; rental of optical machines and apparatus; sale of lottery tickets; duplication of recorded audio or video recording media; animal training; exhibition of plants for viewing; exhibition of animals for viewing; exhibition of works of art; exhibition of gardens for viewing; exhibition of caves for viewing; planning, operation, or holding of horse races; planning, operation, or holding of bicycle races; planning, operation, or holding of boat races; planning, operation, or holding of auto races; arranging of seats at show venues; rental of cinematographic machines and apparatus; rental of exposed cinematographic films; rental of musical instruments; rental of sports equipment; rental of television receivers; rental of radio receivers; rental of records or recorded magnetic tapes; rental of recorded video magnetic tapes; rental of negative films; rental of positive films; rental of toys; rental of amusement park machines and apparatus; rental of game equipment; rental of paintings and calligraphic works

Class 42

Development of pharmaceuticals and provision of information relating thereto; research on pharmaceuticals and provision of information relating thereto; stability testing, inspection, or research of pharmaceuticals and provision of information relating thereto; quality testing, inspection, or research of pharmaceuticals and provision of information relating thereto; physicochemical testing, inspection, or research of pharmaceuticals and provision of information relating thereto; microbiological testing, inspection, or research of pharmaceuticals and provision of information relating thereto; testing, inspection, or research of raw materials, intermediates, and final products of pharmaceuticals and provision of information relating thereto; testing, inspection, or research of analytical methods

of pharmaceuticals and provision of information relating thereto; compatibility testing, inspection, or research of pharmaceuticals and provision of information relating thereto; surface analysis testing, inspection, or research of pharmaceuticals and provision of information relating thereto; testing, inspection, or research of chemicals, pharmaceuticals, agricultural chemicals, cosmetics, or foods and provision of information relating thereto; testing, inspection, or research of pharmaceuticals, cosmetics, or foods and provision of information relating thereto; evaluation of pharmaceuticals and provision of information relating thereto; provision of information relating to medical and scientific research in the field of pharmaceuticals; medical research and provision of information relating thereto; research and development in the field of medical technology and provision of information relating thereto; scientific and medical research and development and provision of information relating thereto; research and development relating to science; research relating to science and technology; research in the fields of chemistry, biology, and physics; testing, inspection, analysis, or research relating to chemistry; research relating to agricultural chemicals; research and development of new products; quality inspection of products; quality control; research on technical problems; preparation of technical documents; measurement and testing relating to technical matters; research and development relating to measurement and control technology; development of measurement methods and inspection methods; calibration of medical devices; testing or research relating to machines and apparatus; design creation; industrial design creation; packaging design creation; design of machines, apparatus, or instruments (including parts thereof), or facilities composed of such machines; design and development of medical diagnostic apparatus; design of buildings; engineering relating to civil engineering; plant engineering; advice relating to information technology (IT); surveying; geological surveys; advice in the fields of scientific research and industrial investigation; design, creation, or maintenance of computer programs; analysis of computer systems; design, creation, and maintenance of computer software; rental of computer software; design, creation, or maintenance of computer programs in the medical field; design and development of computer software for medical technology; advice relating to the design, creation, and maintenance of computer software; introduction and explanation of the performance, operation methods, etc. of computers, automobiles, and other machines that require a high level of specialized knowledge, skill, or experience for accurate operation according to their intended use; testing or research relating to prevention of pollution; research relating to architecture or urban planning; testing or research relating to electricity; testing or research relating to civil engineering; investigation relating to the field of environmental protection; materials inspection; water quality analysis; testing, inspection, or research relating to agriculture, animal husbandry, or fisheries; rental of measuring instruments; rental of memory space for storing electronic data of medical records; rental of computers; provision of computer programs; provision of online application software (SaaS); provision of computer software platforms (PaaS); rental of computer software; cloud computing; rental of physical and chemical machines and apparatus; rental of drafting tools; provision of weather information

Class 44

Provision of medical information; provision of information relating to medication treatment for patients; health management and provision of guidance, advice, and information relating thereto; provision of information relating to medical practice; provision of information relating to dental practice; provision of information relating to dispensing of medicines; advice at pharmacies; provision of advice and information relating to pharmaceuticals; provision of advice and information relating to pharmaceuticals and medical products; medical care and provision of guidance, advice, consultation, and information relating thereto; medical assistance and provision of guidance, advice, and information relating thereto; medical diagnosis (testing and analysis); diagnosis of viral infections; medical consultation and diagnosis conducted using the Internet; testing and analysis of blood, feces, etc. for clinical examination; management and provision of cultured cells for transplantation and provision of information relating thereto; remote monitoring of medical data for medical diagnosis and treatment and provision of information relating thereto; management and provision of blood for transfusion and provision of information relating thereto; medical analysis for diagnostic and treatment purposes in medical laboratories and provision of information relating thereto; palliative care and provision of guidance, advice, and information relating thereto; management and provision of human tissue and provision of information relating thereto; therapy and provision of guidance, advice, and information relating thereto; treatment by alternative medicine and provision of guidance,

advice, and information relating thereto; rehabilitation for drug patients and provision of guidance, advice, and information relating thereto; health examination and provision of information relating thereto; nutritional guidance and provision of information relating thereto; advice relating to nutrition; postnatal care and provision of guidance, advice, and information relating thereto; in vitro fertilization and provision of information relating thereto; artificial insemination and provision of information relating thereto; rental of medical machines and apparatus; rental of ultrasonic diagnostic apparatus; rental of medical X-ray apparatus; rental of surgical robots; beauty care and provision of information relating thereto; barbering and provision of information relating thereto; anma massage, massage, and acupressure (shiatsu) and provision of information relating thereto; chiropractic and provision of information relating thereto; moxibustion and provision of information relating thereto; judo therapy (bonesetting) and provision of information relating thereto; osteopathic manipulation (seitai) and provision of information relating thereto; acupuncture treatment and provision of information relating thereto; nursing care and provision of information relating thereto; animal breeding and provision of information relating thereto; animal treatment and provision of information relating thereto; animal grooming and provision of information relating thereto; pet grooming and provision of information relating thereto; veterinary assistance and provision of information relating thereto; provision of bathing facilities and provision of information relating thereto; planting of garden trees and provision of information relating thereto; care of gardens or flower beds and provision of information relating thereto; spreading of fertilizers and provision of information relating thereto; weed control and provision of information relating thereto; pest control (limited to those relating to agriculture, aquaculture, horticulture, or forestry) and provision of information relating thereto; rental of garden plants; rental of fishing machines and apparatus; rental of machines and apparatus for beauty salons or barbershops; rental of lawn mowers; rental of agricultural machines and apparatus; landscape design

This is to certify that the trademark is registered on the Register of the Japan Patent Office.
