Re: Letter of Support for Toei Animation Co., Ltd.'s Application for .anime

To Whom It May Concern:

GALLOP Co., Ltd. ("GALLOP") endorses Toei Animation Co., Ltd.'s ("Toei Animation") application to establish and operate the .anime top-level domain as a Community-Based gTLD for the anime community identified in Toei Animation's application.

GALLOP is a Japanese corporation and a full member of The Association of Japanese Animations (AJA). GALLOP is an anime production company that plans, produces, and sells anime works centered on television anime.

The term 'anime' is used internationally to refer to Japanese-origin animation, the industry, and the works associated with it. A dedicated .anime top-level domain would provide a recognizable namespace for the community of companies, organizations, institutions, rights holders, distributors, and other entities connected to Japanese animation culture.

Toei Animation has communicated its intention to operate .anime for the benefit of the anime community identified in its application. GALLOP understands that the proposed community registration policies are intended to ensure that registrations in .anime remain meaningfully connected to that community, including through eligibility and name-selection requirements designed to preserve the integrity, relevance, and trustworthiness of the .anime namespace.

GALLOP considers Toei Animation to be an appropriate and credible steward of .anime. Toei Animation is a longstanding member of AJA and one of Japan's leading anime production companies, with extensive experience in the anime industry and a close connection to the community that .anime is intended to serve.

GALLOP believes that Toei Animation's application for .anime is consistent with the interests of the anime community and with the continued development and global promotion of anime culture. This letter is issued by GALLOP through its duly authorized representative and reflects GALLOP's support for Toei Animation's .anime application.

Sincerely,

早間 絵里
