

# Certified Copy of the Trademark Register

(Registration No. 5213790)

(English Translation)

*This document is a complete English translation of the attached original (docomo\_D7-Trademark\_Register-Extract-5213790\_JP.pdf), a certified copy of the trademark register maintained by the Japan Patent Office. The ledger structure and all entries, including superseded (struck) entries, are reproduced as in the original. In the event of any discrepancy, the original Japanese document prevails.*

## Trademark Registration No. 5213790

### Display Part 1 — Registration Matters (Display No. 1)

**Filing Date:** April 14, 2008

**Application Number:** 2008-028878

**Date of Examiner's Decision:** February 23, 2009

**Number of Classes:** 13

**The Mark:** Registered in standard characters

*[Note: This extract of the register records the mark only as being in standard characters; the character string of the mark itself is not reproduced within this extract.]*

### Classes of Goods and Services / Designated Goods and Designated Services:

|                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Class 9 (Designated Goods)</b>     | Cables for connecting communication apparatus and wireless telephone apparatus; batteries for mobile phones; portable communication machines and apparatus; straps for mobile phones; car navigation apparatus and parts therefor; microphones for mobile phones; earphones for mobile phones; chargers for mobile phones; dedicated cases for telephones; antennas; other telecommunication machines and apparatus; computer terminal equipment; computer programs for electronic application machines and apparatus downloadable through communications via computer terminals; computer programs for mobile phones downloadable through communications via mobile phones; personal digital assistants; other electronic application machines and apparatus and parts therefor; cameras and other photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; measuring machines and instruments                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Class 16 (Designated Goods)</b>    | Collection bags of paper or plastic for telecommunication machines and apparatus such as mobile phones; decorative seals for mobile phones; stickers for mobile phones; telephone number notebooks; other stationery; printed matter relating to portable communication machines and apparatus, telephones, personal digital assistants, computer terminal equipment, cameras and other photographic machines and apparatus, and computer programs; printed matter relating to technology such as portable communication machines and apparatus, straps for portable terminals, telephones, personal digital assistants, computer terminal equipment, cameras and other photographic machines and apparatus, and computer programs; telephone directories; instruction manuals for games for personal digital assistants; newsletters; booklets; other printed matter; photographs; photograph stands                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
