

Certificate of Trademark Registration

(English Translation)

This document is a complete English translation of the attached original (takamiya_D7-Trademark_Certificate-of-Registration_JP.pdf), issued by the Commissioner, Japan Patent Office. In the event of any discrepancy, the original Japanese document prevails.

Registration Number: Registration No. 6133451

The Mark: TAKAMIYA (stylized wordmark with a green/blue geometric device)

Application Number: Trademark Application No. 2017-164067

Filing Date: December 14, 2017

Registration Date: March 29, 2019

Owner of the Trademark Right: 3-1, Ofukacho, Kita-ku, Osaka-shi, Osaka
SRG Takamiya Co., Ltd.

List of Goods and Services

Class 6

Aluminum composite panels; metal clamps exclusively for building or construction; metal formwork for building or construction; metal props for building or construction; metal wall materials housing seismic-damping devices; metal composite steel-plate seismic-resistant wall materials; metal seismic dampers for residential use; metal building-assembly kits; metal-based assembly kits for agricultural vinyl greenhouses and dedicated accessories therefor; metal greenhouse assembly kits; metal unit-type vegetation panels; metal hydroponic cultivation racks; metal soundproofing structural materials for building or construction; metal formwork for manufacturing cement products; chains; metal stepladders and ladders; metal fittings; metal pipe joints; metal flanges; keys; cotters; wire rope; wire netting; wire cloth

Class 9

Mounting frames for solar power generation panels; solar power generation panels; solar power generation equipment; solar cells

Class 35

Business and operations management; inventory control and logistics management for goods; business diagnosis or advice relating to business management; market research or analysis; provision of information relating to the sale of goods; hotel business management; provision of customer benefits in connection with the retail or wholesale of metal temporary construction scaffolding and metal materials exclusively for scaffolding construction; provision of customer benefits in connection with the retail or wholesale of wood, gypsum, asphalt, plaster, glass, plastic, or stone materials exclusively for building or construction; provision of customer benefits in connection with the retail or wholesale of construction brackets (excluding metal ones); provision of customer benefits in connection with the retail or wholesale of metal caster gates for temporary use at construction sites; provision of customer benefits in connection with the retail or wholesale of water-filled plastic sandbags; provision of customer benefits in connection with the retail or wholesale of wooden baseboards; provision of customer benefits in connection with the retail or wholesale of soundproofing materials; provision of customer benefits in connection with the retail or wholesale of mineral-fiber-based building materials with soundproofing properties; provision of customer benefits in connection with the retail or wholesale of soundproofing panels and soundproofing sheets; provision of customer benefits in connection with the retail or wholesale of plastic protective sheeting for construction; provision of customer benefits in connection with the retail or wholesale of insulating/moisture-retaining protective sheeting with an air layer for cement or concrete; provision of customer benefits in connection with the retail or wholesale of metal unit-type vegetation panels; provision of customer benefits in connection with the retail or wholesale of metal hydroponic cultivation racks; provision of customer benefits in connection with the retail or wholesale of pots for plant cultivation; provision of customer benefits in connection with the retail or wholesale of building materials; provision of customer benefits in connection with the retail or wholesale of mounting frames for solar power

generation panels and solar power generation equipment; provision of customer benefits in connection with the retail or wholesale of metal-based assembly kits for agricultural greenhouses and dedicated accessories therefor; provision of customer benefits in connection with the retail or wholesale of metal, wood, gypsum, asphalt, plaster, glass, plastic, or stone wall materials housing seismic-damping devices; provision of customer benefits in connection with the retail or wholesale of building-assembly kits (excluding metal ones)

Class 37

Rental of temporary scaffolding and parts and accessories therefor; rental of elevating construction scaffolding; rental of metal caster gates for temporary use at construction sites; rental of construction materials and temporary materials for construction work; rental of temporary materials for civil-engineering and construction work; rental of civil-engineering machines and tools; scaffolding assembly and demolition work; installation work for agricultural greenhouses; general building construction work; dredging work; general civil-engineering work; paving work; renovation work; construction work; advisory services relating to construction work; installation, repair, or maintenance of solar power generation equipment; repair or maintenance of construction machines and tools, civil-engineering machines and tools, and agricultural machines and tools

Class 39

Transport by vehicle; transport; delivery of goods; logistics management relating to transport; storage of goods; supply of electricity generated by solar power generation equipment; rental of cargo-handling machines and tools; packaging of goods; brokerage of freight transport; loading and unloading of goods; salvage of ships; storage of goods entrusted for safekeeping in warehouses; temporary custody of others' personal belongings; temporary custody of delivered goods; provision of warehousing; provision of parking-lot facilities

Class 40

Processing of materials and temporary materials; processing of metal building materials and temporary materials; processing of plastic building materials and temporary materials; rental of mounting frames for solar power generation panels; rental of solar power generation panels; rental of solar power generation equipment; production of electricity from solar energy; metal processing; rubber processing; plastic processing; ceramics processing; wood processing; rental of formwork for manufacturing cement products

Class 42

Design of temporary construction scaffolding; design and drafting relating to construction work; design and drafting relating to civil-engineering work; consulting relating to the design of construction work and civil-engineering work; design of agricultural greenhouses; architectural design; land surveying; geological research; preparation of drawings; design consultancy (excluding that relating to advertising)

This is to certify that the trademark is registered on the Register of the Japan Patent Office.

Commissioner, Japan Patent Office

[Official seal of the Commissioner, Japan Patent Office]
