To the application reviewers,

I confirm and can self-certify the following three statements:

- (1) EXP commits to fund startup and long-term operation of .tiny;
- (2) Cash and Cash Equivalents of \$556,316 exceeds the required minimum of \$106,750 (USD 50,000 + 25% of the USD 227,000 base fee for 1 string);
- (3) EXP is in good standing in Kansas and bound by law to accurately represent its financials.

Sincerely,

Mallory Knodel
