Security Policy and Planning Self-Certification

ICANN New gTLD Application

The European Central Bank ("ECB"), as the applying entity for the applied-for gTLD string(s), hereby provides the following self-certification in support of its application submitted to the Internet Corporation for Assigned Names and Numbers ("ICANN").

SC5.1-1.1

The applying entity will appropriately protect confidentiality of data and prevent unauthorized access to data and services.

SC5.1-1.2

The applying entity will maintain a mature, appropriately funded and staffed security program, following a recognized, modern security framework based on risk management (such as the ISO27000 series, COBIT, HITRUST CSF, legally required security frameworks, or equivalent). The security program must be in place prior to delegation and exist through at least the period of the registry agreement.

SC5.1-1.3

The applying entity is aware of and has designed its systems and business to comply with the relevant privacy and security regulations for all countries in which it operates.

Authorisation

This self-certification is provided on behalf of the European Central Bank by an authorised officer.
