

Self-Certification

(gTLD Application Compliance)

We, **Nawang Heli (Xiamen) Network Service Co.,Ltd** (the “Applying Entity”), hereby voluntarily issue this self-certification document to formally represent, warrant and certify our full compliance with relevant qualification requirements for the generic Top-Level Domain (gTLD) application, with the binding statements set forth below:

SC2.2-1.1 Registry Operator Qualification Certification

As of the submission date of this gTLD application, we are a qualified current registry operator holding valid and active Registry Agreements (RA). We legally hold and operate the gTLD string **.xn--g2xx48c** with a fully effective and ongoing registry management agreement, satisfying the regulatory requirement of possessing one or more active Registry Agreements.

SC2.2-1.2 Financial Operation Commitment

We confirm that we and/or a Qualified Eligible Entity (QPE) shall fully undertake and provide sufficient financial support for the startup construction, daily maintenance, technical operation and sustainable long-term operation of all our currently operated gTLD resources and all gTLD strings applied for in this application. We guarantee stable and continuous capital investment to ensure compliant and uninterrupted registry operation services.

SC2.2-1.3 Financial Compliance & Good Standing Certification

We certify that the Company and its officers are legally bound by the laws of its jurisdiction to fairly and accurately prepare and present financial statements in full compliance with the **Chinese Accounting Standards for Business Enterprises (CAS)**. CAS is a nationally recognized, jurisdiction-approved accounting framework, equivalent to internationally accepted standards such as IFRS and US GAAP for official financial disclosure purposes. The Applying Entity maintains active good legal and regulatory standing in its jurisdiction, with no penalties, sanctions or outstanding non-compliance records.

Overall Certification

We solemnly certify that all financial statements submitted in this gTLD application are true, accurate and complete, fully reflecting our actual financial status, capital capacity and sustainable operation capability. All commitments and representations above are valid, binding and compliant with ICANN rules and local jurisdictional laws.

Certification & Signature

We, the undersigned duly authorized representative of **Nawang Heli (Xiamen) Network Service Co., Ltd**, confirm that all contents of this self-certification are authentic, accurate and non-misleading.
