

ENDPOINT DOMAINS, INC.

Self-Certification of Security Policy and Planning

Date: 22 July 2026

To: Internet Corporation for Assigned Names and Numbers (ICANN)

I, Michael Louis Blend, CEO of Endpoint Domains, Inc. ("the Company"), hereby certify and represent the following on behalf of Endpoint Domains, Inc. in connection with its application(s) for generic top-level domain(s) (gTLDs):

SC5.1-1.1

The applying entity will appropriately protect confidentiality of data and prevent unauthorized access to data and services.

SC5.1-1.2

The applying entity will maintain a mature, appropriately funded and staffed security program, following a recognized, modern security framework based on risk management (such as the ISO27000 series, COBIT, HITRUST CSF, legally required security frameworks, or equivalent). The security program must be in place prior to delegation, and exist through at least the period of the registry agreement.

SC5.1-1.3

The applying entity is aware of and has designed its systems and business to comply with the relevant privacy and security regulations for all countries in which it operates.

I make these representations under penalty of law and certify that the information provided is true, accurate, and complete to the best of my knowledge.

Michael Louis Blend

CEO — Endpoint Domains, Inc.
